QUESTIONS AND ANSWERS

Q: What am I being asked to approve?

A: You are not being asked to approve anything. This Information Statement is being provided to you solely for your information. Shareholders holding a majority of the outstanding voting common stock of the Company have already agreed to amend our Articles of Incorporation to effect a name change to "Health Enhancement Products, Inc.", and change the address for the Company's principal place of business to 2530 South Rural Road, Tempe, AZ 85382.

Q: Why have the Board of Directors and a majority of the shareholders agreed to approve these actions?

A: All of these actions are necessary to accomplish the terms of the Agreement and Plan of Reorganization (the "Reorganization") dated as of October 30, between the Company and Health Enhancement Corporation (hereinafter referred to as "HEC").

Q: What are the basic terms of the transaction with HEC?

A: The Company delivered at the closing (the "Closing") of the Reorganization 9,000,000 restricted shares of its common stock in exchange for 9,000,000 shares of HEC common stock, which represents all of the outstanding shares of common stock of HEC, par value \$.001, in what is intended to be a tax-free reorganization. As a part of the Reorganization, the Company canceled 125,000 common shares and effected a two for one forward split of the then 617,500 remaining shares with rounding up of any fractional shares. After the Reorganization, the Company now has 10,235,000 shares of common stock issued and outstanding. You will retain all of your present stockholdings in the Company.

Q: What business is conducted by HEC?

A: Health Enhancement Corporation ("HEC") was organized under the laws of the State of Nevada on October 9,

2003. HEC plans to identify, produce and market natural health related products. HEC has not yet generated any revenues from its planned operations and is considered a development stage company. At the present time HEC's primary product is ProAlgaZyme ("PAZ"), an immune system enhancing water that is produced from an algae grown in 100% distilled water. The algae produces a protective barrier as a means of protecting itself and this enzyme is drawn off, filtered, tested and bottled for consumption.

Recent clinical trials performed by HEC have indicated that PAX may increase and activate the white blood cells in individuals whose white cells are low or inactive, in effect enhancing the immune system. HEC is currently performing clinical trials on several illnesses and diseases with ProAlgaZyme, including various types of cancer, HIV/AIDS, and Chronic Fatigue Syndrome.

HEC is committed to locating and bringing to market a variety of health related products intended to address and correct a wide variety of illnesses by restoring health and "normal" function to the human body. HEC's approach is that the products will be, to the maximum level possible, wholly "natural", with the ingredients being naturally grown or derived and will not be chemically synthesized. It is HEC's intent that the products it markets will be produced under the strictest condition of purity.

In addition to ProAlgaZyme, HEC has identified several other vitamin-related and other special purpose products that may fit into its product line.

Q: Are there risks involved in the transaction with HEC?

A: Yes. The Company's success will be totally dependent upon the success of HEC. HEC is a developmental stage company. There are no assurances that HEC's operations will be profitable after the Reorganization.

Purpose and Effect of the Proposed Name and Symbol Change

On November 21, 2003, the Board of Directors determined to change the name of the Company to Health Enhancement Products, Inc. and to change the Company's NASDAQ trading symbol to reflect the name change of the Company. The purpose of the name and proposed symbol change is to more accurately reflect the Company's business and its activities after the Reorganization.

Common Stock of the Company. Shareholders holding a total of 6,402,450 shares of Common Stock (62.55%) have already consented to such changes.

Purposed and Effect of the Change in Company's Address

On November 21, 2003, the Board of Directors determined to change the address of the principal place of business for the Company to 2530 South Rural Road, Tempe, AZ 85382. The purpose of the change in address is because the Company, after the Reorganization, will be operating out of the Arizona region as its principal place of business, and having such an address change would provide shareholders and potential customers easier access to Company information and contact with Company personnel.
